

All Craft Exteriors. Professional Results for Real-World Homeowners

WHAT YOU CAN EXPECT WHEN YOU WORK WITH ALL CRAFT EXTERIORS

- We use quality, code-compliant exterior products with solid warranties—carefully selected to meet the needs of your home, your budget, and most Housing & Redevelopment Authority programs.
- Our team has experience working with storm claims and insurance paperwork, and we're familiar with the approval processes many HRA funding programs require.
- You'll work with a dedicated project manager from start to finish. You'll always know who to contact and what happens next.
- We run internal quality control inspections — typically within 72 hours of project completion—even in municipalities that don't require them.
- All Craft Exteriors is licensed in Minnesota, Wisconsin, and Iowa, and we meet the eligibility requirements for most HRA Programs.
- We'll help you make the most of your approved budget — without cutting corners where it matters.
- Our crews are local, respectful, and professionally managed. We're known for doing clean, consistent work — and cleaning up after ourselves, too.
- Since 2015, we've successfully completed over 8,000 exterior improvement projects across the region, many connected to HRA supported programs.
- We are proud to be a local company with strong ties to our community. Our goal is simple: deliver great results and keep the process as stress-free as possible.
